

## Play Boats Price List

We supply more Play Boats than any other product... which underlines the tremendous appeal of equipment which stimulates the imagination. The Longboat Play Boat in particular has the capacity for a large number of children at any given time. A production of several hundred of these boats during the last twelve months is witness to their popularity.

Such has been the popularity of our range of boats, that we added recently a very Longboat... 5.2m from bow to stern! Desperately struggling for a name, we have adopted the very original description, 'The Very Longboat'! And as will be seen from the photographs on the right, we have a very happy crew of the 'HMS Montessori'.

	SP ex VAT	SP inc VAT
Playboat	<b>£1561</b>	£1834
